SUBJECT: Review of Protocol For Animal Care and Use Protocol #00455
"The Feasibility of Spaying Wild/Feral Mares as a Means of Permanent
Contraception"

1. In accordance with its approved operating procedures, the UNR Institutional Animal Care and Use Committee (IACUC) considered the subject protocol. Their recommendation and my decision relative thereto are indicated below.
2. Please note that if the Committee recommended that your protocol be "Approved as revised above," you must submit the necessary revisions to the office of **Laboratory Animal Medicine, MS 340**, before you begin your work. Approval is contingent upon our receiving your revisions.
3. If you have any questions, you may contact me at 784-6869.

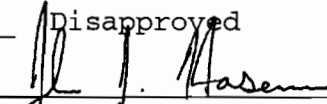

Required revisions:
